## ELSA LLC ENVIRONMENTAL POLICY

ELSA, LLC is a manufacturer of automotive component parts, including Fuel Tanks, Exhaust Systems, Air Intake Systems, and Structural Parts in Elwood, IN.

ELSA, LLC is committed to a clean, healthy and environmentally safe environment. It is ELSA policy that its operations, products, and services accomplish their functions in a manner that provides responsibly for the protection of the environment and the prevention of pollution.

We are committed to meeting or exceeding all applicable legal and other requirements and will implement programs to assure compliance.

ELSA, LLC shall appoint a specific management representative who, irrespective of other responsibilities shall have defined roles, responsibilities, and authority over the Environmental Management System.

We will establish guidelines to identify objectives and targets to address areas of environmental significance and pollution. We will conduct our activities in a manner to protect our employees, community, and the environment through efficient operating processes and equipment, proper disposal of wastes and established procedures for emergencies.

We will strive to continually improve our Environmental Management System and operations to create a cleaner and safer environment.
